CINEBAGS

CINEBAGSUNDERWATER.COM

Welcome to the Underwater Division at CineBags.

After providing specialty bags to camera crews all around the world for over a decade, we are proud to announce a new line of products for professionals who venture below the surface of the water.

Inspired by our dive expeditions, stretching from the ocean depths of Mexico to the Philippines, our team of divers and designers at CineBags are excited to bring you a new series of products. With the adventure camera crew in mind, we have created the **Square Grouper.**

The Square Grouper is designed to be a compact and collapsible home base for your camera rig to and from the dive boat. With the Grouper, there is no need to share a rinse bucket with your fellow divers. Knowing that your rig is protected, you can focus on the adventure.

We have relentlessly tested our bags with underwater camera rigs, so let us know what you think. We look forward to seeing your amazing travels with CineBags. Tag your images with **#cinebagsunderwater** on Instagram, so that we will see all your breathtaking work on location. Thank you for your continuous support, and for the inspiring imagery that you have been sharing with us. We are honored to be part of your passion.

Thank you for being part of the CineBags tribe.

Your CineBags Team

PROTECTIVE PORT CASES
